THE PUBLIC HEALTH.

COMMISSIONERS OF HEALTH.

The Coustinsaioners of Health met yesterday after-

con in Mr. Valentine's office, City Hall, and acted pon the following matters:

The Besits trificer reported the arrival of the City of Mobile The Besits trificer reported the arrival of the City of Mobile few Levernod, with about seven hundred immigrant passengers, and that during the passengers districted the action of the passengers, two of seven seven countries and one receivered. The Health Officer said that isometic a these cases occurred, three weeks since, and sufficient time had also ed for the appearance of new cases, if any could occur, he was of opinion that it was sale to allow the passengers to proceed after character went in the form of their baggaste.

The Besit occurred in the Mealth Officer's opinion, and the second occur of the theorems were authorized by the Charman of the Southfield Beard of if solit to state in after reconstraine which and Beard sent in nagine allowing the Spit resolt to condition to the Quarantine succountry was based upon the understanding that the more was to be made for the paramose of allowing the vessels to discharge their cargoos at Quarantine.

De Rockwell, Revillent, Physician, said that the

Dr. Rockwell, Resident Physician, said that th

that no spiderate case of years been the existed within the city this second.

The doctor said that he had been on many "wild good the classes" since he had reported to the Board. For instance, a busy-holy reid him that ten genuine cases of yellow fever were existing in Marion street; that persons in said street were remering from there in much fear of the spread of the disease; that he went to the locall ise expecting this time to find the said that he went to the locall ise expecting this time to find the said found only one case of disease, and that was disease of the locally of case in yearing out of "too much corn for dinner." He said that the above was a specimen of these silly reports.

On motion, adjourned to the 25th mat.

The Board met, this morning, at the usual hour Present Aldermen Oakley, Walsh, and Shaw. The minutes of the last meeting were read and

Of schooler J. W. Hale, from Rio Hache, with hidee and fosto, to lighter hide below the Gap and store her fastic.

Aid. Shave moved that permission be granted.

Aid. Walsh moved that the whole subject lie on the table. Does, by at the vote.

The question being taken on the motion of Aid. Shaw, a the vote was had, when Aid. Oakley voting in the affirmative, it was carried.

Aid. Walsh protested against the vote, innemuch as there was too quorum present. APPLICATIONS.

Application was also made for the bark John Howe

HEALTH OFFICER'S REPORT.

BEALTH OFFICER'S REPORT.

SEPTEMBER, 24, 1936.

GLETLESSEE Since your last meeting no report of any infectious or contegious disease has been received at this office.

The following communication was received from Dr. Thompson, and ordered spread in full upon the minutes:

Quanavrines, Sept. 23, 1856.

The Roc. Sec. I deem it my duty to inform you, as Provident of your Board of Health, that vessels having left quarautine with stream permits," as not, or were not, considered safe to proceed to the wharves of Brooklyn or New-York, and boshies, they have no legal rulet so to do, until they shall save received "unconditional permits."

I see by the papers that the bark John Payson has petitioned your Roard to proceed to the wharves of your city. She has only a "stream permit" and cannot do so except in violation of the health have "the port, or until she shall have received the small "unconditional permit." Very respectfully yours.

R. H. THOMPSON, Health Otheer.

Several bills were presented and ordered to be paid.

Permission was granted to the following vessels to come up god discharge:

Permission was granted to the following vessels to ead discharge:
Hark Alberl, Remedior, sugar.
Schooler Percomoka, Washington, wheat,
Bark Lyn, Havain, tobacco, cigars, &c.
Schooner Wake, Wilmington, maval stores.
Schooner Wake, Wilmington, maval stores.
Brig Enimeline, Aux Cayes, Ingwood.
Schooner P. O. Hulse, Wilmington, naval stores.
The Board then adjourned.

FORT HAMILTON RELIEF SOCIETY. Dr. Bailey has much improved since last evening Mr. Charles E. Sears and Miss Sally Ross—convalencing

rapidly.

All doing well excepting Frank, and the infant reported justerday. NEW CASES.
Nothing new in the Military Hospital.
FRANCIS E. BERIER, Secretary.
Fort Hamilton, Sept. 21, 1836—91 n. in.

TESTIMONY IN THE CASE OF THE PRIZE FIGHT.

FOURTH DAY. The inquest in the prize fight was resumed yester day before Coroner Perry at 3 p. m., and the following additional testimony was elicited:

additional testimony was clicited:

John Farrall being sworn, said:
I reside at No. 68 James street; I was at the fight that occurred at the Palisades on Thursday mornis; inst; saw Jiman Johnmeian, John Donnelly, Joseph Reynolais, John Moelas, Barney Ascon, James Lafferty, John Robinson, John and Dies Montgomers, Chartey Kelly, Michael Kelly, Harry Gribbon, Ke Berns, Johns Rosob, Barney Lafferty, Palilp Chre, Small, James Gollins, Green, Pat Coegrove, known as Gockrosco, Mick Murphy; Kelly's seconds were Barney Aaron and Lafferty, and Lyneb's seconds were Johnny Rosach and Kit Burns; Harry Gribbon was the time-keeper; I do not know who were the indiges; the bockers were Jack Montgomery and Mike Murphy; don't know who the bottle-holders were; the man who staked out the ring was a stout man, but I don't know his name; Buily Cotton and Jerry Rexdon appeared to take a great interest in the fight and were betting on it.

the fight and were betting on it.

The Coroner said that they had sufficient testimony as to the facts in the case; all they wanted was to precure the asmes of times who were present, either as spectators or actor.

James Donnelly, being swora, said: I live at No. 270 Water street; I was present at the fight at the Palisades on Thursday morning last; I saw there all the parties I have heard the preceding witness state as being present at the fight, besides those mentioned, there were a good many present whom I knew, but examed now call by name! Philip Clare and Herry Gribbon were judges; I saw ho money bet on the fight; I had not see Jc. Cohen at the fight; I knew Mike Trainor, but did not see Jo. Cohen at the fight; I know Mike Trainor, but did not see him at the fight; James Giddings was there, but outside of the ring; the statement made by the precoding witness as research the seconds is right; I don't think he was right as regards the judges; I knew that the fight was in proparation; it has been in preparation some four or five mouths; I anderstood that Kelly was under training at George Kenesett's, and that Lynch was in training at Williamsburgh; I was not one of the parties who sugged the boat to take the party to the fight; I don't know whether the captain was aware of the object of the excursion when he started; I did not help take the body of Kelly off the boat; I don't knew John E. Capet.

The Coroner then concluded the testimony in the case and addressed the Jury as follows:

The Coroner then concluded the testimony in the case and addressed the Jury as follows:

CORONER'S CHARGE TO THE JURY.

GENTIFMEN: The evidence which is adduced at this trial concerning the death of Andy Kelly goes to show, that on Thursday, I o'clock a. m., the 18th of September, a party of some 200 persons went on board of the steaming C. P. Smith, commanded by Edwin Brandon, and that said party proceeded to the Palisades, on the Jersey shore: where a preconcerted prize fight between Charles Lynch and Andy Kelly took place; that after some 85 rounds were fought, in the last of which Kelly fell underneath Lynch, and his head hit the stake, Kelly, in coming up to time, after squaring off, fell scoascless; that he was conveyed to the foot of Thirty-fourth street, this city, from there to Bellevue Hospital, where he died at 4 o'clock p. m. The ovidence, so far as given, shows that there were present at the fight Baney Aaron, Lafferty, who were the seconds of Kelly; Kit Burns and John Roach, who were the accords of Lynch; that David O'Brien, Edward Bates, James Collins, John Greene, Pat Cockroach, Dennedly, Morrissey, Philip Clare, Hurvey Gribbon, and ofhers were present at the revolting scene.

It reals with you to decide the fact whether a most brutal, premeditated prize fight can take place in this community and the partice engaged in such fight, either as principals or as aiders and abetters, escape the hand of justice.

I am uncertain whether the ultimate trial of those included in your verdiet will come before the authorities of New Jersey or this county. If the persons implicated are tried before our Coart of Sessions they will have reason to congratulate themselves, as it is a difficult matter in this city to convict a person charged with any other crime than that of theft. However, by bringing in a true verdict in this case you will have the consolation of knowing that you have done your duty whatever may be the result.

VERDICT OF THE JURY. The Jury, after a consultation of about 15 minutes

The Jury, after a consultation of about 15 minutes, sendered the following verdict:

'That Andy Kelly came to his death by injuries received at the hands of Charles Lynch, while engaged in a prize fight, near the Palisades, New-Jersey, Sept. 18, 1866. That John Roach, Kit Burns, Barney Aaros, J. Lafferty, Harry Gribbon, John Montgomery, Michael Murpby, Jerry Reardon alias Billy Cotton, Philip Clare, and Patrick Cosgrove, were adders and abottors at the fight.

THE TURF.

FASHION C. URSE, NEWTOWN, L. L. - Wednesday Sept. 24, 18.6 .- First Roce-Jockey Club Parse \$400. two mile heats.

W. H. Gibbons's cutrics were the favorite in each race, and won them without a struggle. The attendance was not large, and there was not much sport at this day's racing for those who were present.

CITY ITEMS.

GERMAN OPERA AT NIBLO'S .- The second perform once of Flotow's beautiful opera, ' Stradelle," on Tuesday evening was attended by a numerous and brilliant audience. The rendering of this opera by the respective members of the troupe was a decided success, and it bids fair to become highly popular. It will be repeated to-night.

EA German Republican mass meeting of the IVth and Vth Congressional Districts will be held this even-ing at 8 o'cleck, at Mr. Ehrard Richter's, No. 55 Forsyth street. Several speakers will address the meeting.

AMERICAN INSTITUTE PAIR .- The Pulace is now rapidly filling up. We would remind our readers that ne article can be received after the 4th of October for competition. Spaces that have been engaged and not occupied by this (Thursday) morning will be given to the first applicant. Dodworth's celebrated band will perform each evening during the Fair.

THE FEVER IN JAMES STREET.-The following in formation has been given relative to the sickness and deaths of persons in James street, mentioned in Tues day's TRIBUNE:

About the middle of last week, an elderly lady saiding in that street, near Madison, died of a very malignant fever. Two other persons, a daguerrian and a policeman, living on the same premises, were taken sick about the same time. The resident physician, Dr. Rockwell, was called in to examine them, and found the patients suffering under a high grade of fever, which he could not positively pronounce to be 'Yellow," but would class under the head as "Suspirious." Both cases terminated fatally after a brief liness. A fourth person also died in the same house oward the close of the week, with the symptoms of delirium tremens. The matter has been brought to the notice of the Health Commissioners, who requested the City Inspector to give the house and precincts a thorough cleansing. The house and the yard were immediately purified by the usual processes, and the bedding upon which the deceased persons slept, and the clothing last worn by them, were burned.

The Inspector has invariably adopted these sanitar reasures in every building where a death has occurre by yellow fever, and in no instance has the disease spread into the neighborhood. Quite a number of fatal vellow fever cases, as our readers are aware, have been reported in this city, during the Summer, bu every one of them was directly traceable to communi cation with infected shipping, bedding, or goods. With reference to the James street deaths, it is said that the daguerrian, who was the second victim, visited Staten Island, not long ago, and took the portrait of a person who had died of yellow fever. If the cases were really yellow fever, this alleged fact might account for the appearance of the malady in James street. But, whatever the sickness was, the public need feel no apprehension of its spreading. No new case has occurred in the house during the present week.

Coroner Perry yesterday received an anonymoletter, dated at No. 9 State street, stating that Chas. Lynch, the fugitive principal in the late prize fight, and Kit Burns, one of the getters-up of the fight, were secreted on Staten Island, looking out for an opportunity to get aboard of some vessel bound for Eu rope, and unless prompt measures were taken to arrest them, a communication would be published in the newspapers which would reflect upon the Police authorities. On the reception of this letter, officers were dispatched to Staten Island to search for the fugitives.

ANOTHER DEATH BY VIOLENCE.-Coroner Connery was called, on Wednesday afternoon, to No. 31 Baxter street for the purpose of holding an inquest upon the body of Catharine Smith, a native of Ireland, 26 years of ege, who died the night previous, apparently from the effects of injuries received at the hands of Murty Goulah, alias Gallagher. The deceased had been o very dissipated habits, and was subject to fits of apoplexy. Deceased and Murty had some difficulty on Saturday evening, when Murty struck her in the breast with his fist, knecking her down the steps of a front cellar or basement. She was taken up, bleeding from the nose, and went to bed, from which she never rose. Murty has not been arrested. The case will be investigated at 10 o'clock this morning.

DEATH BY VIOLENCE .- An inquest was held or Wednesday at the tenement house, No. 205 East Thirteenth street, upon the body of Mrs. Bridget McArdle a native of Ireland, 26 years of age. The testimony adduced showed that John McArdle, the husband deceased, had been in the habit of beating her violent ly; on one occasion her brother-in-law interfered and was reverely stabled by McArdle. A few weeks since the deceased gave birth to a child, and three days afterward her brutal husband dragged her out of bed and otherwise assaulted her, and since that time has used similar violence. From the medical testimony and from that relating to the husband's ill-treatment the Jury rendered a verdict of " death from organic disease of the heart, and that her death was hastened by excitement and ill treatment on the part of her husband." A warrant was issued for the of McArdle, but thus far he has not been found.

JUNE SHOPS .- The matter of the complaint against Alvin McArdle, keeper of a junk shop at No. 177 East Twenty-sixth street, for receiving stolen property, was investigated yesterday afternoon by Marshal Stephens at the Mayor's Office. The complaint was made by John Mathews & Son, manufacturers of soduwater fountains, who allege that copper pipe and other articles stolen from their premises had been purchased by McArdle. The affidavit sets forth that on or about Wednesday, the 17th inst., deponent had stolen from said place several coile of lead pipe, block-tin pipe and brass fixtures and a portion of a copper pump, to the value of about \$200, and since that time deponent has been informed that said property had been stolen by some boys, one of whom is named Montgomery and the other McCormick, as they were seen to have said

property in their possession by George Bower.

Other witnesses testified to seeing the boys above named with the property. Christina Leopold saw the boys go into the shop with the property. There was a woman in the store who took the pipe from the boys. Shortly after the boys came out and ran away. It was stated that the accused kept liquor on his premises which he sold or gave to boys. The accused, having been notified by Officer Lefferts, Iuspector of Junkshope, was present, and said he was innocent of the charge. Mr. Stephens remarked to McArdle that he was a bad citizen-that some time ago a complaint was made against him and his license was revoked, but at the solicitation of his friends the Mayor gave him a new license. The further hearing in the case was adjourned till Friday.

THE LATE PRIZE FIGHT .- Jas. Collins, Jim Don celly and John Farrell were yesterday accested charged with being concerned in getting up the late prize fight between Lynch and Kelly. They were held to bail to answer the charge.

REMOVAL OF QUARANTINE .- Another meeting of the Joint Committee representing Staten Island, New-Jersey, Brooklyn, and New-York, appointed to devise means to effect the removal of Quarantine from its present locality to a position in the vicinity of Sandy Hock, took place yesterday at No. 45 Wall street. The chair was occupied by Mr. W. B. Townsend of Staten Island. On motion, the following gentlemen

were chosen as an Executive Committee:

J. C. Thompson, Dr. W. Post, Staten Leland; Mayor
Hall, Ald. Backhouse, Brooklyn; Mayor Manners,
D. S. Gregory, Jersey City, Egbert Benson, Ald.
Barker, New-York.

Some conversation took place with regard to the propriety of increasing the number of the Committee. Mr. Gray was of opinion that other gentlemen of inpecially ought the Committee to be strengthened in its States Island representation, as the sloud ty was more

Staten bland representation, as thus is all or was more interested in the removal of the Quarantine than any other. Much opposition was likely to be encountered in the present undertaking, and the offers of gentlemen of high position and personal indusance we said be not ded. He therefore moved that the Executive Committee be empowered to add to its own numbers without limit. The motion was necessed.

The Law Committee baying bean collection to report, Mr. Gray, Chairman of that Committee, said that a complete report had not yet been prepared, but he would make a few statements to the satisfaction of those present. The statements made were in relation to pieces of property at Sandy Hook, desded by the United States to the State of New-York at different periods for the purposes of a Quarantine. It was moved and carried that the Law Committee on Memorials, stated that their report was not yet ready, but that a morrial was being prepared, and would be presented as subsequent meeting. On motion, the Committee on Memorials, was directed to a period that the had re-

on Memorials was directed by a particular of Committee.

Col. Barrett, of Staten Island, stated that he had recently held an interview with Cov. Clark on this subject, he having been delegated by the meeting of citizens convered at Factoryville, on the 4th inst., to convey their proceedings to the Eccentive. Gov. Clark expressed himself favorable to the removal of Quarantine, and subsequently addressed to Col. Barrett the Collegion better.

DEAR SIE: I have the homer to advance delay to the hands of the Hor. G. P. Dienevez, or the receipt, by the hands of the Hor. G. P. Dienevez, or the necessity of the meeting of which was an Producer, had at the Median of Hotel, on the north shore, on the 6th inst. In favor of the removal of the Quarartine, and, in reply, desire to say that I have become fully satisfied of the property and the necessity of the proposed removal, and that I will very confaint woulder close at I can in any legal or proper manner within my power or effect.

Col. NATHAN BARRITT, Saten Island.

After some further business of minor importance had

been transacted, the meeting adjourned, subject to the cell of the Executive Committee.

SUDDEN DEATH OF JUDGE R. SEVELY'S SON, - As. other singularly sudden death occurred on Wednesday merning. James J. Roosevek, jr., the eldest son of the Judge, was sitting on his bed about 2] o'clock, tying his cravat and talking with a servent in the room, when he all at once became black in the face, fell over and died. He had been in excellent health up to the moment of his decease, which is supposed to be owing to a diease of the heart. He was about twenty years of age, and was studying law in the office of Win. Cartis Noyes. Judge Roosevelt was attending to the usual routine of Chamber business when the and news was announced. He at once seized his het aud left th room. Judge Davies then adjourned the Gener Term of the Supreme Court to Monday next.

FATAL Accident, -- Coroner Perty held an inque PATAL ACCIDINT—CORDET FORTY field in imple on Wednesday upon the body of Medida Livan, keeper of apple stand, who died from the effect of a fall. It opposes the wearling the track of the flarem Radius at the Twenty sixth street depot, between o and 7 o'clock in instring, when sho be some frantened at the sadded approach a passenger-ex, which was about entering the yard of the pot, and fell to the pareness, sustaining fatal injuries, from the effects of which sho deal some after. The Jury rendered a codict of "Accidental design." Because of the law forty years of age.

STEALING SHEER .- Pwo Germans named Frederic STEALING STIKE — I'MO CONTINUE BROND I TYPE HE SCHMING ALL CHARGE OF DIAGS, were postering a rest red, charge with steeling twenty-six pounds of Ferrols and flow silice at 250 from the store of Mr. J. Mondaed, No. 3 John street. The prisoners were caught in the act of selling a ret tion of the flows and comboxed having store the whole. About K. Polk was also accessed obtained with steeling 4 if wentled sewing 41k, and with the other prisoners was looked up by Justice Oeborne.

CAPTURE OF A HOUSE-THEEF -A young man, for pishly dressed and adorned with a bis-k norstee by, was deer presterday in the apartments of Mrs. Elvin Hoppel. No. Fourth street, which he had entered by the propose of the On ascentaining that he was discovered by the del had he say but was pursued and arrested by a Seventeenth Ward polymen. He gave he name as Junes Mechan, and was looked by Juntee Broomer to await cusmination.

Total.

Total.

1,031,000
The Uniformed Bebt on hast Report.

1,031,000
Bonds, Fuel materiel, &c., against it.

1,132,000
It will be for the stockholders, under the above state of the case, to consider at their October meeting, either by termal action or an informal interchange of views, whether anything ought to be done on the subject of dividents before the 1st of April next, or otherwise.

They have yet to handle the first cent on the large incensiting at present of the bonds of 1875, of which \$857, (60 have been purchased by the application of the above \$748,000 in cash, will belong to them, and a division is premised when the sum reaches a million.

tied to it.

In regard to the large balance of \$671,000 to appear in the new report, the wishes of the stockholders will be better determined after the explanation of the state of the unfunded debt, fuel and material debts appear. We do not believe that a cash dividend is generally believe for this Kall-news has been furnished by the

| Local From State | Section | Secti | Second | S

The features of the street remain about as befor noticed. The center of interest is the movement ! Erie, which continues active and strong. The attention of operators is much distracted from other stock by the activity in this. Cash stock is still more scare to-day, and deliveries were made with much difficulty It was not only lest without interest, but a commis sion was paid in addition. At the Second Board while Carls stock was 633, several hundred shares were turned at 63; only | P cent difference, buyer's option six months. The seller sixty, sales at 62 continued at the Morning Board until 2,400 shares put cut, but at the Second Board there were no more offered. The transactions reach at the Board and in the street 13,000 shares, and the market closed at 63; bid-an improvement of ; & cent. Some handle was made oy the bears of a rumor that the engineers on the road had organized a strike for Friday next. Upon inquiry we learn that the engineers have only asked some me estion in the stringency of some of the rules under which they are working the machinery of the road. Their Cen mittee had a conference with the Directors to-day, and the matter promises to be amicably arranged. The Times this morning has the following

ranged. The Times this morning has the following speculations in regard to the coming annual meeting:

The annual general meeting of the Stockholders of the New-York and Eric Railroad will be held on the second Tuesday in October. The principal object will be the election of Directors to serve the ensuing year. It is possible the oc asion will be embraced by the executive effices to say something of the results of the year's business on the road, and the prospect of an early resumption of dividends upon their stock, which have now been suspended over two years. It is already understood, in view of the nine months exhibit of the current railroad year, and the large traffic since it was laid before the Stockholders in July, August and September, that the net income to the stock will amount to about \$1,250,000, or something over \$400,000 added for the last quarter to the \$818,000 made up to July I. This added to the net income of last, \$833,000 will make \$2,081,000, or over 20 \$\text{ cent., to which, in some shape the Stockholders will be entitled. The specific appropriations will have been:

To Sinking Fund, 1550.

**To No Construction, 1850.

Belonging to Dividend Fund proper.

**Listone of the stock of the stock of the last of the construction, 1850.

Elonging to Dividend Fund proper.

**Listone of the stock of the stock of the last of the construction, 1850.

Elonging to Dividend Fund proper.

£ 671,000

the stove \$100.000 meach, will belong to them, and a division is premised when the sum reaches a million of dellars, in the shape of shares substituted for the bonds of 1875. This is sufficiently well understood. The further sum of \$465,000 applied to new construction also belongs to the income account, and, when funded in stock, must go to the stockholders as a dividend. The question is, to what stockholders this should properly accrue? The original capital of the should properly accrue? The original capital of the Company is not full \$176,000. The stock to represent the new sum of \$165,000 rightfully belongs to the years 1855-16, when it was carned and diverted from income to capital account. The present stockholders are entitled to?

leoked for this Fall—none has been furnished by the Birectors—though something in the way of practical income would seem to be due out of the 20 per cent carred lines the suspension of dividends, either in stock

made at 83], seller six months. Central is without change. Nicaragua advanced to 6; the sale reported enor. The market for Western shares is firm. Galena, 110; Illinois Central, 118; Illinois Central rights sold to day at 120; Rock Island, 97 | bid; Toledo was active and closed at 77 j, which is j per cent better. Without activity, the Bond market is steady. State stocks are firm, but the transactions are moderate.

the engagements are \$45,000 bush. Grain at 91 2104d. 1,560 bob. Flour at 2s.; Cotton at 18d.; 500 boxes Cheese at 30s. To London, very little offering; 150 tune Oil Cake at 27s. 6d. To Havre, 12,000 bush. Wheat at 18c. The business of the Sub-Treasury was: Total re-

off with spirit at rather better prices. Cotton, under a very light stock, is firm, with sales of 1,500 bales. The Arabia, from Boston, took \$776,000 in spe
